

## Cruise Fundraising Benefits

There are many benefits to choosing to promote a cruise as a means of fundraising. Unlike other forms of fundraising this is not a simple plea for money your parishioners hear all too often. This is the opportunity for them to join you exploring the world. It is a way for the church to bring together its members in an environment that extends beyond the four walls of your building.

It is a fabulous way to bring the church and its values into the everyday lives of its members and their families and create memories that will be remembered for a life-time.

## Why Cruise to Raise Funds?

The idea of using cruising to fundraise is not new, we know, we have been helping churches do it since we opened our doors in 1971.

We recognize fundraising is a necessity of all churches and there are many forms to choose from. Most have tried them all at one time or another with great to limited success.

Cruising however offers you not only a great way to raise funds, but also a way to connect on a far deeper level with your members, which results in larger lasting donations.

Look inside to see how!
